

Single Event Self-Tech Sheet

Driver _____ Track _____ Date _____

Car Year _____ Make _____ Model _____ Run Group _____

The track worthiness of your car is your responsibility. Cars driven on track require a high level of maintenance. The checks listed here are a *guideline only* to help you arrive at the track with a safe and track-worthy vehicle. **Your car may have specific requirements not listed here.**

Signing this form acknowledges that you have accepted responsibility that the vehicle listed here is safe and well-maintained. If you do not have the skills and knowledge to perform these checks, please have this done by a professional mechanic.

Convertibles are allowed on track assuming the manufacturer states they have rollover protection, or if they have aftermarket rollover protection meeting or exceeding the most current SCCA Solo1 standards. The event organizer makes no judgment as to the safety of allowed convertibles compared to hardtop cars.

The event organizer reserves the right to exclude any car or driver from participation solely at their discretion.

WHEELS & TIRES

- All 4 tires above the tread wear marker
- Tires inflated to recommended pressure
- All lug nuts present and tight per spec
